All institutions and the general public are informed that this academic term is short to enable the Ministry return to the original school calendar which starts in September and end in July. In this calendar year, we shall be returning to the original school timetable and not operate on a reduced school day. However, double shifting and overlapping will still be observed to avoid overcrowding in schools. Schools can also resume the feeding programme and extra curricula activities while observing all COVID 19 measures at all times.

All education institutions and the general public are reminded that the school calendar is harmonised for all educational institutions, both public and private and at all levels. No educational institution is therefore allowed to operate outside this calendar

For any further information on the academic calendar, please contact the Ministry of Education on the following phone numbers 01 789 422 / 0888 308 523.
